

2024 SEAZA workshops

1. Pre-conference workshops

1.1. SEAZA Species Management Committee (SSMC)

Topic: ZIMS workshop

Content: Introduction to ZIMS & its useful functions

Topics such as Animal Records Keeping, ZIMS and its useful functions, and SEAZA Data Standards will be covered in this workshop. This workshop is open to all - from Animal Keepers, Registrars, Curators to Zoo Directors.

Venue: Conference Room E, Taipei Zoo.

Time	Content
1300-1315	Welcome Participants
1315-1400	Animal Records Keeping
1400-1500	Introduction to ZIMS Setting Up Institution Profile Institution Search Animal Available Search Animal Wanted Search Species Holding
1500-1530	Tea break
1530-1630	Taxonomy Reports Global Resources
1630-1700	SEAZA Data Standards Questions & Answers

Date: 23rd October (Wed)

Time: 1300-1700 (4hr)

Capacity: 30-50 ppl.

1.2. Animal Welfare and Ethics Committee

Topic: How to design your animal welfare assessment

Content:

This workshop will use an interesting classroom approach to design various animal physiological or behavioral characteristics related to animal welfare assessment, and guide participants to experience the relationship between these characteristics on animal welfare and zoo management. The goal of the workshop is that every participant can understand the elements and methods of animal welfare assessment followed by customize an animal welfare assessment plan for your zoo in the future.

Date: 23rd October (Wed)

Time: 1300-1700 (4hr)

Host:

Lisa Clifforde Lisa.Clifforde@zsl.org BIAZA Welfare Chair

Holly Farmer holly.farmer@wildplanettrust.org.uk EAZA Welfare Chair

Capacity: 60 ppl.

1.3. SEAZA Nutrition Network (SNN)

Topic: Feeding Animals in Mixed-Species Exhibits (**Problems/Risk Assessment**)

Content:

1. Presentation: Nutrition related issues caused by eating wrong food in mixed-species exhibits.
2. Case sharing: 2 cases will be shared via presentation; another 2 cases will be illustrated via both presentation and onsite inspection.
3. Discussion: According to the diet sheets of each species, try to think about what might be the **problems** of this group of animal or individual from the perspective of **animal nutrition**.

Date: 23rd October (Wed)

Time: 1300-1700 (4hr)

Capacity: 24 ppl.

Time	Content
1300-1305	Opening
1305-1315	Grouping
1315-1330	Warming Up!
1330-1400	Short Talk: Feeding Mixed Species Exhibit (Risk Assessment)
1400-1415	Case Sharing 1 (presentation)
1415-1430	Case Sharing 2 (presentation)
1430-1500	Case Sharing 3 (presentation + fieldwork)
1500-1530	Case Sharing 4 (presentation + fieldwork)
1540-1610	Discussion: What might be the problems?
1610-1640	Presenting your concerns.
1640-1650	Ending

2. During conference workshops

Date: 26rd October (Wed)

Time: 1300-1500 (2hr)

2.1. SEAZA Species Management Committee (SSMC)

Topic: Updated information by Taxon Advisory Groups (TAGs), ungulates, primates, and carnivores.

Content:

SSMC oversees population management activities led by Taxon Advisory Groups (TAGs), the existing TAGs are ungulates, primates, and carnivores. Join us for an informative workshop where we delve into the latest updates on three critical groups of animals: ungulates, primates, and carnivores. Explore the latest findings and conservation strategies, behavior, social structures, and conservation challenges and population management.

Capacity: 20 ppl in each TAGs.

2.2. Animal Welfare and Ethics Committee

Topic: Welfare Footprint Framework

Content:

This workshop idea is to teach participants how to quantify and compare animal pain and welfare using this framework. This could fit into a 2-hour slot. Topics include a theoretical presentation, followed by a practical session on how to implement this approach to address species-specific welfare issues. We will also cover how artificial intelligence tools can aid this process, evaluate the effectiveness of various interventions and practices in areas such as housing, breeding, and management.

Capacity: 40 ppl.

Host: Dr. Wladimir Alonso Wladimir.j.alonso@welfarefootprint.org , the Executive Director of the Center for Welfare Metrics

2.3. SEAZA Nutrition Network (SNN)

Topic: Feeding Animals in Mixed-Species Exhibits (Solution/Action Plan)

Content:

1. Presentation: Nutrition related issues caused by eating wrong food in mixed-species exhibits.
2. Case sharing: 4 cases and their suggested solutions will be shared via presentation.
3. Discussion: Based on the risk evaluation method, what might be the **alternative solutions** to the cases.

Date: 26th October (Sat)

Time: 1300-1500 (2hr)

Capacity: 24 ppl.

Time	Content	
1300-1305	Opening	
1305-1315	Grouping	
1315-1345	Short Talk: Feeding Mixed Species Exhibit (Action Plan)	
1345-1430	Case Sharing 1	with suggested solutions
	Case Sharing 2	
	Case Sharing 3	
	Case Sharing 4	
1430-1445	Discussion & QA: What might be the alternatives?	
1445-1450	Ending	

2.4 SEAZA Conservation Education Committee

Topic: Creative Facilitation - Applying Multi-disciplinary approaches to zoo education programmes

Content:

1. Introduce the framework for designing a zoo visit program, including pre-visit activities, on-site activities, post-visit activities, and wrap-up.
2. Understand who your target audience is and identify their current stage of learning.
3. Inventory the learning resources of the zoo. Using Taipei Zoo as an example, discuss in groups which elements are key things in designing the visitor experience, such as what visitors hope to see...
4. After group discussions, share outlines of zoo visit programs designed using diverse approaches. These can include activities and courses in various languages and other formats.

Capacity: 30 ppl.

Host:

Chien-Chu WU, Taipei Zoo Conservation Education Committee Chair

ar8069@gov.taipei

Haniman Boniran, Mandai Wildlife Group, Conservation Education Committee

Deputy Chair Haniman.boniran@mandai.com

Time	Content	
1300-1315	Introduce each other and divided into 5 groups	Chien-Chu WU Haniman Boniran
1315-1330	Introduce the framework for designing a zoo visit program via multi-approaches	Haniman Boniran
1330-1350	Visit the zoo area in groups task	Chien-Chu WU
1350-1420	Discuss and Design a program Group Presentation Prepare	Haniman Boniran Chien-Chu WU
1420-1445	Presentation by each group	Haniman Boniran
1445-1455	Short Discussion & QA	Attendees
1455-1500	Ending & Group Photo	Chien-Chu WU Haniman Boniran

3. Post-conference workshop

3.1. SSMC Carnivore TAG

Topic: Carnivore ICAP workshop

Requirement: you need to get approval to join this meeting unless you are the delegate from your country

Content:

Time	Content	
0900-1700	Carnivore Integrated Collection Assessment and Planning	Anand Kumar Kanao Tomisawa Ade Kurniawan

Capacity: 30 ppl.

Host:

Anand Kumar, Carnivore TAG Chair.

Kanao Tomisawa, Carnivore TAG Vice Chair.

Ade Kurniawan, Carnivore TAG Vice Chair.
